Here at CGHC, our Fourth Anniversary finds us bursting with excitement as we move forward with plans for our new home on Newton Street, just a few blocks away from our current corner store location.

You can be part of the excitement by joining us this week on **Thursday, September 17, at 10:30 AM**, at the corner of Nunez & Newton Streets in historic Algiers. The event is a chance to commemorate our beginnings and celebrate our future, with food and friends, and will include live music from [John Boutte](#).

We hope you will enjoy the party and also take the opportunity to learn about our plans and programs: For “green” restoration of our new building, the debut of our Video Voice documentary film, and the continuation of our integrative medical services and community education.
